

Your cash bonus

Dear Member,

We will soon be depositing money into your account. As a member of Velliv Foreningen, you contribute to the value we create, and we share that value with our members in the form of a cash bonus.

Your bonus reflects the size of your pension savings with Velliv and will be automatically transferred to your NemKonto in week 21. To receive the bonus, you must have a NemKonto. The bonus is taxable, and we will report the amount to SKAT (the Danish Tax Agency), so no further action is required from you.

You can find the details of your bonus in the personal letter sent to you via e-Boks or by postal mail.

Kind regards,

Peter Gæmelke,
Chairman of the Board

Velliv Foreningen – supporting better working lives

A good start to working life

We support projects that help young people find their footing in the job market – enabling them to grow, thrive, and get a solid start on their professional journey.

Read more at ungstyrke.dk

Brain-friendly workplaces

We invest in initiatives that promote healthy work habits – including regular breaks, time for focused work, and supportive work environments that foster energy, creativity, and job satisfaction.

A good working life at every stage

We support initiatives that help senior employees remain active in the workforce – ensuring their knowledge, experience, and skills continue to be put to use.

About Velliv Foreningen

Velliv Foreningen is the majority owner of Velliv, Pension & Livsforsikring, and as a Velliv customer, you automatically become a member. We are a democratically governed organization that practices active ownership and shares the surplus – both through member bonuses and by supporting projects that promote good mental health in Denmark.
